BILLING CODE 4710–51–P

SURFACE TRANSPORTATION BOARD

[Docket No. AB 463 (Sub-No. 2X)]

Alabama Railroad Co.—Abandonment Exemption—in Escambia, Conecuh, and Monroe Counties, Alabama

Alabama Railroad Co. (ALAB) has filed a verified notice of exemption under 49 CFR pt. 1152 subpart F—*Exempt Abandonments* to abandon approximately 47.5 miles of rail line, which extends from approximately milepost 607.73 at Flomaton, Ala., to approximately milepost 655.2 near Tunnel Springs, Ala., including all sidings and the MR Junction Spur between valuation stations 0+00 and 90+81 in Escambia, Conecuh, and Monroe, Counties, Ala. (the Line). The Line traverses U.S. Postal Service Zip Codes 36426, 36441, 36460, 36471, and 36475.

ALAB has certified that: (1) No local or overhead traffic over the Line has moved for at least two years; (2) any overhead traffic on the Line could be rerouted over other lines; (3) no formal complaint filed by a user of rail service on the Line (or a state or local government entity acting on behalf of

such user) regarding cessation of service over the Line either is pending with the Surface Transportation Board or any U.S. District Court or has been decided in favor of a complainant within the two-year period; and (4) the requirements at 49 CFR 1105.12 (newspaper publication), 49 CFR 1152.50(d)(1) (notice to governmental agencies), and 49 CFR 1105.7 and 1105.8 (environment and historic report), have been met.

As a condition to this exemption, any employee adversely affected by the abandonment shall be protected under *Oregon Short Line Railroad—Abandonment Portion Goshen Branch Between Firth & Ammon, in Bingham & Bonneville Counties, Idaho*, 360 I.C.C. 91 (1979). To address whether this condition adequately protects affected employees, a petition for partial revocation under 49 U.S.C. 10502(d) must be filed.

Provided no formal expression of intent to file an offer of financial assistance (OFA) ¹ for continued rail service has been received, this exemption will be effective on May 18, 2019, unless stayed pending reconsideration. Petitions to stay that do not involve environmental issues must be filed by April 26, 2019.² Formal expressions of intent to file an OFA under 49 CFR 1152.27(c)(2) ³ and interim trail use/rail banking requests under 49 CFR 1152.29 must be filed by April 29, 2019. Petitions to reopen or requests for public use conditions under 49 CFR 1152.28 must be filed by May 8, 2019, with the Surface Transportation Board, 395 E Street SW, Washington, DC 20423–0001.

A copy of any petition filed with Board should be sent to CSXT's representatives, William A. Mullins and Crystal M. Zorbaugh, Baker & Miller PLLC, 2401 Pennsylvania Ave. NW, Suite 300, Washington, DC 20037.

¹ The Board modified its OFA procedures effective July 29, 2017. Among other things, the OFA process now requires potential offerors, in their formal expression of intent, to make a preliminary financial responsibility showing based on a calculation using information contained in the carrier's filing and publicly available information. See *Offers of Financial Assistance*, EP 729 (STB served June 29, 2017); 82 FR 30,997 (July 5, 2017).

² The Board will grant a stay if an informed decision on environmental issues (whether raised by a party or by the Board's Office of Environmental Analysis (OEA) in its independent investigation) cannot be made before the exemption's effective date. See *Exemption of Out-of-Serv. Rail Lines*, 5 I.C.C.2d 377 (1989). Any request for a stay should be filed as soon as possible so that the Board may take appropriate action before the exemption's effective date.

³ Each OFA must be accompanied by the filing fee, which currently is set at \$1,800. See 49 CFR 1002.2(f)(25).

If the verified notice contains false or misleading information, the exemption is void ab initio.

ALAB has filed a combined environmental and historic report that addresses the potential effects of the abandonment on the environment and historic resources. OEA will issue an environmental assessment (EA) by April 23, 2019. The EA will be available to interested persons on the Board's website, by writing to OEA, or by calling OEA at (202) 245–0305. Assistance for the hearing impaired is available through the Federal Relay Service at (800) 877–8339. Comments on environmental and historic preservation matters must be filed within 15 days after the EA becomes available to the public.

Environmental, historic preservation, public use, or trail use/rail banking conditions will be imposed, where appropriate, in a subsequent decision.

Pursuant to the provisions of 49 CFR 1152.29(e)(2), ALAB shall file a notice of consummation with the Board to signify that it has exercised the authority granted and fully abandoned the Line. If consummation has not been effected by ALAB's filing a notice of consummation by April 18, 2020, and there are no legal or regulatory barriers to consummation, the authority to abandon will automatically expire.

Board decisions and notices are available at www.stb.gov.

Decided: April 15, 2019.

By the Board, Allison C. Davis, Acting Director, Office of Proceedings.

Jeffrey Herzig,
Clearance Clerk.

BILLING CODE 4915–01–P

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Notice of Product Exclusions: China's Acts, Policies, and Practices Related to Technology Transfer, Intellectual Property, and Innovation

AGENCY: Office of the United States Trade Representative.

ACTION: Notice of product exclusions.

SUMMARY: Effective July 6, 2018, the U.S. Trade Representative (Trade Representative) imposed additional duties on goods of China with an annual trade value of approximately \$34 billion (the \$34 billion action) as part of the action in the Section 301 investigation of China's acts, policies, and practices related to technology transfer, intellectual property, and innovation.

The Trade Representative's determination included a decision to establish a product exclusion process. The Trade Representative initiated the exclusion process in July 2018, and stakeholders have submitted requests for the exclusion of specific products. In December 2018 and March 2019, the Trade Representative granted two prior sets of exclusion requests. This notice announces the Trade Representative's determination to grant additional exclusion requests, as specified in the Annex to this notice. The Trade Representative will continue to issue decisions on pending requests on a periodic basis.

DATES: The product exclusions announced in this notice will apply as of the July 6, 2018 effective date of the \$34 billion action, and will extend for one year after the publication of this notice. U.S. Customs and Border Protection will issue instructions on entry guidance and implementation.

FOR FURTHER INFORMATION CONTACT: For general questions about this notice, contact Assistant General Counsels Philip Butler or Megan Grimball, or Director of Industrial Goods Justin Hoffmann at (202) 395-5725. For specific questions on customs classification or implementation of the product exclusions identified in the Annex to this notice, contact traderemedycbp.dhs.gov.

SUPPLEMENTARY INFORMATION:

A. Background

For background on the proceedings in this investigation, please see the prior notices issued in the investigation, including 82 FR 40213 (August 23, 2017), 83 FR 14906 (April 6, 2018), 83 FR 28710 (June 20, 2018), 83 FR 33608 (July 17, 2018), 83 FR 38760 (August 7, 2018), and 83 FR 40823 (August 16, 2018), 83 FR 47974 (September 21, 2018), 83 FR 65198 (December 19, 2018), 83 FR 67463 (December 28, 2018), 84 FR 7966 (March 5, 2019), and 84 FR 11152 (March 25, 2019).

Effective July 6, 2018, the Trade Representative imposed additional 25 percent duties on goods of China classified in 818 8-digit subheadings of the Harmonized Tariff Schedule of the United States (HTSUS), with an approximate annual trade value of \$34 billion. *See* 83 FR 28710. The Trade Representative's determination included a decision to establish a process by which U.S. stakeholders may request exclusion of particular products classified within an 8-digit HTSUS subheading covered by the \$34 billion action from the additional duties. The

Trade Representative issued a notice setting out the process for the product exclusions, and opened a public docket. *See* 83 FR 32181 (the July 11 notice).

Under the July 11 notice, requests for exclusion had to identify the product subject to the request in terms of the physical characteristics that distinguish the product from other products within the relevant 8-digit subheading covered by the \$34 billion action. Requestors also had to provide the 10-digit subheading of the HTSUS most applicable to the particular product requested for exclusion, and could submit information on the ability of U.S. Customs and Border Protection to administer the requested exclusion. Requestors were asked to provide the quantity and value of the Chinese-origin product that the requestor purchased in the last three years. With regard to the rationale for the requested exclusion, requests had to address the following factors:

- Whether the particular product only is available from China and specifically whether the particular product and/or a comparable product is available from sources in the United States and/or third countries.
- Whether the imposition of additional duties on the particular product would cause severe economic harm to the requestor or other U.S. interests.
- Whether the particular product is strategically important or related to "Made in China 2025" or other Chinese industrial programs.

The July 11 notice stated that the Trade Representative would take into account whether an exclusion would undermine the objective of the Section 301 investigation.

The July 11 notice required submission of requests for exclusion from the \$34 billion action no later than October 9, 2018, and noted that the Trade Representative would periodically announce decisions. In December 2018, the Trade Representative granted an initial set of exclusion requests. *See* 83 FR 67463. The Trade Representative granted a second set of exclusions in March 2019. *See* 84 FR 11152. The Office of the United States Trade Representative regularly updates the status of each pending request and posts the status at <https://ustr.gov/issue-areas/enforcement/section-301-investigations/request-exclusion>.

B. Determination To Grant Certain Exclusions

Based on the evaluation of the factors set out in the July 11 notice, which are

summarized above, pursuant to sections 301(b), 301(c), and 307(a) of the Trade Act of 1974, as amended, and in accordance with the advice of the interagency Section 301 Committee, the Trade Representative has determined to grant the product exclusions set out in the Annex to this notice. The Trade Representative's determination also takes into account advice from advisory committees and any public comments on the pertinent exclusion requests.

As set out in the Annex to this notice, the exclusions are reflected in 21 specially prepared product descriptions, which cover 348 separate exclusion requests.

In accordance with the July 11 notice, the exclusions are available for any product that meets the description in the Annex, regardless of whether the importer filed an exclusion request. Further, the scope of each exclusion is governed by the scope of the product descriptions in the Annex to this notice, and not by the product descriptions set out in any particular request for exclusion.

Paragraph A, subparagraphs (3)–(5) are conforming amendments to the HTSUS reflecting the modification made by the Annex to this notice.

In order to clarify the periodic revisions to the HTSUS, paragraphs B and C of the Annex modifies the text to U.S. notes 20(i)(6) and 20(i)(7) to subchapter III of chapter 99 of the Harmonized Tariff Schedule of the United States, as set out in the Annex of the notice published at 84 FR 11152 (March 25, 2019).

Paragraph D of the Annex to this notice corrects a typographical error in U.S. note 20(i)(24) to subchapter III of chapter 99 of the Harmonized Tariff Schedule of the United States, as set out in the Annex of the notice published at 84 FR 11152 (March 25, 2019).

As stated in the July 11 Notice, the exclusions will apply as of the July 6, 2018 effective date of the \$34 billion action, and extend for one year after the publication of this notice. U.S. Customs and Border Protection will issue instructions on entry guidance and implementation.

The Trade Representative will continue to issue determinations on pending requests on a periodic basis.

Stephen Vaughn,

General Counsel, Office of the U.S. Trade Representative.

Federal Aviation Administration

[Docket No. FAA-2019-0287]

Agency Information Collection Activities: Requests for Comments; Clearance of Renewed Approval of Information Collection: Certificated Training Centers—Simulator Rule

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Notice and request for
comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The collection involves Certificated Training Centers. Operators pay Certificated Training Centers to provide training to their employees, typically pilots, on different types of equipment if training is not done in house. The information to be collected is necessary because it allows aviation safety inspectors (operations) to review and to provide surveillance to training centers to ensure compliance with airman training, testing, and certification requirements specified in other parts of the regulations. If the information were not collected, inspectors would not be able to determine if airmen who are clients are being trained, checked or tested to meet the safety standards established in other parts of the regulations. To date, FAA inspectors have used the information collected to determine and assess regulatory compliance during routine program surveillance.

DATES: Written comments should be submitted by June 17, 2019.

ADDRESSES: Please send written comments:

By Electronic Docket:
www.regulations.gov (Enter docket number into search field).

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this

information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

OMB Control Number: 2120-0570.

Title: Certificated Training Centers—Simulator Rule.

Form Numbers: There are no forms associated with this collection.

Type of Review: Renewal of an Information Collection.

Background: Part 142 Flight Schools are subject to several collection requirements. 14 CFR part 142 is one of several Federal Regulation parts that implement the Public Law. Section 142.11 provides that application for a training center certificate and training specifications shall be made in a form and manner prescribed by the Administrator, shall provide specific information about each management, instructor position, and evaluator position, and contain certain other administrative information.

Section 142.37 provides that application for approval of training programs must be in a form and manner acceptable to the Administrator, and must provide specific information about curriculum and courses of the training program.

Chapter 447, Section 44701 of Title 49, United States Code, provides, in pertinent part, that the Administrator may find, after investigation, that a person found to possess proper qualifications for a position as an airman may be issued such certificate. That certificate shall contain such terms, conditions, and limitations as to duration thereof, as well as periodic or special examinations, and other matters as the Administrator may determine to be necessary to assure safety in air commerce.

Section 142.73 requires that training centers maintain records for a period of one year to show trainee qualifications for training, testing, or checking, training attempts, training checking, and testing results, and for one year following termination of employment the qualification of instructors and evaluators providing those services.

The respondents may be the Part 142 schools, Part 121 or 135 air carriers who utilize these schools or new applicants seeking Part 142 certification. The information may be collected in

electronic forms. No specific forms are required. Information reporting may be done in accordance with the individual FAA office.

Respondents: 82,239 (Includes Part 142 schools, Part 121 and 135 carriers and new certifications).

Frequency: On occasion.

Estimated Average Burden per Response: 96 Hours.

Estimated Total Annual Burden: 83,767 Hours.

Issued in Washington, DC, on April 12, 2019.

Notice of Final Federal Agency Actions on Proposed Highway Projects in Texas

AGENCY: Texas Department of Transportation (TxDOT), Federal Highway Administration (FHWA), U.S. Department of Transportation.

ACTION: Notice of limitation on claims for judicial review of actions by TxDOT and Federal agencies.

SUMMARY: This notice announces actions taken by TxDOT and Federal agencies that are final. The environmental review, consultation, and other actions required by applicable Federal environmental laws for these projects are being, or have been, carried-out by TxDOT pursuant to an assignment agreement executed by FHWA and TxDOT. The actions relate to various proposed highway projects in the State of Texas. These actions grant licenses, permits, and approvals for the projects.

DATES: By this notice, TxDOT is advising the public of final agency actions subject to 23 U.S.C. 139(l)(1). A claim seeking judicial review of TxDOT and Federal agency actions on the highway projects will be barred unless the claim is filed on or before the deadline. For the projects listed below, the deadline is September 15, 2019. If the Federal law that authorizes judicial review of a claim provides a time period of less than 150 days for filing such a claim, then that shorter time period still applies.
